

Fortus 380mc and Fortus 450mc

The Fortus 450mc™ and Fortus 380mc™ 3D Production Systems represent the latest FDM® advancements, with superior ease of use and the ability to build complex parts faster than previous systems. Build tough functional prototypes, production tooling and production parts reliably and on demand. Material licenses are available a la carte or in standard, engineering or high-performance bundles.
